

## WIZARD GOLD INVERTER DC & AC DC TIG 200P

- Advanced Inverter Technology
- High Working Frequency
- Reduced Size Light Weight
- Easy To Carry
- Energy Efficient
- High Performing And Maintenance-free.
- Hf Arc Ignition And Pulse Heat Arc Ignition
- Design
- Excellent Arc Ignition Network,
- High Duty Cycle.
- Automatic Voltage Compensation Capability,
- Stable And Reliable Welding Current.
- Complete Protection Against Electricity Line Fluctuations.
- Wide Range Of Pulse Dc And Ac Dc Tig Models
- Suitable For Welding Of Almost All Metals.

| Technical Parameters            | 200A          |
|---------------------------------|---------------|
| Input power voltage(V)          | AC220<br>±15% |
| Rated Input Power capacity(KVA) | 3.9           |
| Rated Input Current(A)          | 18            |
| Input Voltage frequency(Hz)     | 50/60         |
| No-load voltage(V)              | 56            |
| Output current range(A)         | 10-200        |
| Rated output voltage(V)         | 18            |
| Duty cycle(10 min)              | 60%           |
| No-load Power(W)                | 40            |
| Arc-Starting                    | HF            |
| Efficiency(%)                   | 85            |
| Power factor (COS )             | 0.93          |
| Insulation class                | F             |
| Protection class                | IP23          |
| Post flow time(s)               | 2-10          |
| Weight(KG)                      | 12            |
